

JCC Selected as Owner's Project Manager for the Addition and Renovation Florence Rideout Elementary School In Wilton and the Renovations to Lyndeborough Cooperative School

Jobin Construction Consultants was selected by SAU 63 to serve as the Owner's Project Manager for simultaneous projects at Wilton and Lyndeborough Schools.

The project at Florence Rideout Elementary was a 15 month, 3 phase project that included a large classroom addition, main entrance and administration addition, as well as renovations to the over 100 year original historic school house. Renovations of the original schoolhouse included a new cafeteria, restrooms, windows, casework and finishes. The project also included replacements of the entire parking lots, student drop off area, and a new play area as well as new fire protection, plumbing, electrical, and mechanical systems.

The project at the Lyndeborough Cooperative School was a 10 week fast track project that included new interior finishes, a new kitchen, and renovated cafeteria space. The project
